Re Improvements to the Bus Stand at Tarikere

I have the honour to state that a revised estimate for Rs 6915/- for the construction of a Bus stand and the layout of a circle in the Tarikere Town Municipality was sanctioned in G O No L 87-31-34/M1 51-39-240 dated 6th June 1941 This work has since been completed The type design adopted for this Bus stand is not suitable The sides are open to wind and rain and it is not at all possible for the passengers to make use of the shelter during the rainy season The Executive Engineer, Kadur Division, was there-

Continuation Sheet

therefore requested to make arrangements for affording adequate protection against sun and rain He has accordingly sent a supplemental estimate costing Rs 1796/- making provision therein for Wooden pannel in between R C /Pillars with necessary shutters and fixing arrangements, over the parapet wall of 3 ft in height alround This improvement is quite necessary without which the shelter provided will not be useful to the Public The Tarikere Municipal Council have already contributed about Rs 10,000/- for the Bus Stand and Drainage schemes and the slender resources of the Municipality do not permit further contribution I, therefore, request that Government may be pleased to accord sanction for the outright grant of Rs.1796/- out of the Town Improvement grant for the above work

The estimate and the resolution of the Municipal Council are enclosed
